

## Lemon Jelly Soap

You will need

- Shower gel
- Lemons
- Gelatine
- A grater
- A mould or pot
- Some boiling water

Method

1. Grate the lemons.
2. Make the gelatine as instructed on the packet.

3. Add the lemon rind.

4. Add the shower gel to make it up to  $\frac{1}{2}$  pint and then pour into mould to set.

5. You can make different variations by adding different smelling shower gel, you could include herbs and spices. Let your imagination run wild!
6. Explore the jelly soap, with dry and wet hands, you could place it in water to make a lather. I have used it to make jelly eggs,
